interests of the AAPM as paramount while doing AAPM-related work. Any situation in which a volunteer has a real or perceived obligation, loyalty or personal interest that is plausibly in conflict with the interests of the AAPM shall be formally disclosed in advance or as soon as it arises. While the existence of a real or perceived conflict of interest must be disclosed, it does not necessarily disqualify a volunteer from service. A volunteer in a conflicted situation should consider recusing him/herself from part or all of an activity so as to not cast doubt on the credibility of the AAPM work product. Intentional abuse of a volunteer position within the AAPM for the benefit of the volunteer or any third party is unacceptable and subject to sanctions as stipulated in the [AAPM's Code of Ethics](#).
