ASTRO Annual Meeting
October 18, 2015, 9:00AM-11:00AM CT**

Science Council Leadership:

Mary Martel, PhD, DABR – Chair; Theodore Deweese, MD – Vice Chair

IHE-RO Steering Committee Leadership

Dick Fraass, PhD, John Buatti, MD

Mission Statement: *The American Society for Radiation Oncology (ASTRO) has formed a multi-society Task Force to undertake an initiative to promote the Integration of the Healthcare Enterprise (IHE) – Radiation Oncology (RO), fostering seamless connectivity and integration of radiotherapy equipment and the patient health information systems. The Task Force will include members from ASTRO, RSNA, American Association of Physicists in Medicine (AAPM), the American College of Radiology (ACR) and the Medical Imaging and Technology Alliance (MITA). In addition, members of the International community have also been invited to participate in IHE-RO. The IHE-RO Task Force, in close collaboration with radiotherapy product manufacturers, will develop appropriate integration profiles for radiation therapy and setup a demonstration of seamless communication among the full array of radiotherapy products.*

Conflict of Interest Statement

This is a reminder to all Council members regarding important obligations. We all have a duty of loyalty to ASTRO in our work on this Council, which includes the obligation to maintain the confidentiality of any confidential work or discussions and not to disseminate committee materials or work product without clearing it with the Chair. Also, it is important for us to carefully observe antitrust principles and refrain from any discussion that could be viewed as encouraging collective market action. Finally, if you have any conflict with the agenda discussions, please bring those to the attention of the Chair.
